NEW COUNTRY CLASSIC in a tranquil setting with beautiful views of rolling meadows and distant hills. The house is spacious and light-filled with custom cabinetry throughout. As soon as you enter the home, you have the pleasure of being greeted by a wall of windows facing rolling meadows and distant hills. The open living plan has a vaulted ceiling and a gorgeous two-storey stone fireplace. The kitchen is top of the line with soapstone countertops, a viking cook-top and stainless appliances. There is an open porch off the dining area and private balconies off the two master bedroom suites. Two guest bedrooms upstairs share a classic 1930's New York style full bath.

A wrap-around driveway provides a formal entrance to the property and a large grinding stone serves as the perfect sculptural accent. The house offers room for expansion with a large loft space above the garage, and a full walk-out lower level.

Many homes feature an interesting detail here or there. This home truly features design delights around every corner. Hardware, fixtures, and custom woodworking are all at the highest level. This is an exceptional home suited for the buyer who appreciates the finest quality and craftsmanship.
